

## COST SAVINGS FOR CORRUGATED BOXES

We undertake cost savings for companies who are interested in reducing cost of their corrugated boxes. By our experience we can say that **cost savings work out in range of 5% to 25%** depending how much you are paying and how the specifications have been designed. There may be wrong or over specified box leading to cost reduction.

### FOR WHOM WE HAVE DONE IT

We have done cost savings for several well known companies like **Xerox, IKEA, Walmart, Crate & Barrel, Vijay Solvex Ltd., A.P. Organics Ltd. Dhuri** and **exporters of Handicrafts from India.**

### WHO CAN BENEFIT

We can help any company benefit from cost reduction, regardless of the value of purchases.

### HOW WE ARE ABLE TO DO IT

Companies can be over charged by suppliers of boxes unless the buyers of boxes are aware of latest technological changes in raw material and conversion technology.

Secondly, authentic detailed pricing information is not readily available to the buyers of boxes, and

Thirdly, by redesigning optimum packaging specifications.

### METHODOLOGY - We need samples of the boxes in question and following information:

- (i) Size and specification of the box.
- (ii) Gross weight of the box when it is being dispatched.
- (iii) Current price of the box.
- (iv) What is the maximum number of boxes that should be stacked one top of the other at any stage.
- (v) Mode of dispatch, trans shipments, Terrain covered etc.
- (vi) How much time is elapsed before the box is emptied.
- (vii) Monthly / Annual requirement of this box.
- (viii) Claims paid for damaged product, if any during last one year.
